Subject: Letter of Recommendation for Daryl Roudebush

To Whom It May Be Concerned,

I am writing to recommend Daryl Roudebush, who worked at MedBen as a Senior Programmer/Analyst from April 13, 2015, to July 6, 2023. During his tenure at MedBen, I worked closely with Daryl, directly supervising him for a portion of his time at MedBen. I enjoyed having Daryl as a member of the MedBen Team and I am confident that he will make significant contributions to your organization as well.

As a Senior Programmer/Analyst, Daryl was responsible for research, analysis, designing, coding, testing, and working directly with users. The majority of his coding was with WinForm projects written in .NET (VB and C#), however he did a significant amount of SQL work as well (including Stored Procedures). Daryl was personable, dependable, and easy to communicate with. Users enjoyed working with Daryl on the WinForm projects due to the amount of input he allowed them to have in his designs.

I highly recommend Daryl Roudebush for any position that he pursues. Feel free to contact me if you have any further questions. My directly line at the office is (740) 522-7383 and my email address is wmillard@medben.com.

Sincerely,

Wayne Millard
